NATIONAL UNION OF ARTISTS OF UKRAINE

No. 158/08/2026

Kyiv

September 14.09*, 2026*

LETTER OF RECOMMENDATION

I, Kostyantyn Chernyavsky, Head of the National Union of Artists of Ukraine, with full responsibility recommend the All-Ukrainian public organization "Ukrainian Authors' Rights Agency" (UARA) as a reliable, competent and trusted partner with extensive experience in the field of collective management and copyright protection.

For many years, the UARA has consistently maintained its position as one of the leading collective management organizations in Ukraine, professionally representing and protecting the property rights of authors, performers and other rightholders.

For the creative community represented by our Union, UARA's activities in the field of resale right, a right that gives artists a decent remuneration for the further resale of their works, are especially important. Through its consistent and professional work in this area, UARA has made a tangible contribution to ensuring that Ukrainian artists receive practical, not declarative, protection of their rights and appropriate regular remuneration for the use and subsequent resale of their creative works.

I would also like to separately emphasize the personal, attentive and genuinely supportive approach demonstrated by the UARA team tin addressing matters raised by representatives of creative unions and individual artists. In difficult times for our country, when artists need support more than ever, UARA has remained an organization that can be relied upon not only in formal professional matters, but also for its willingness to listen, provide guidance and assist in finding practical solutions.

Based on my many years of experience working with UARA, as well as my personal observations of its activities, I can confidently recommend the All-Ukrainian public organization "Ukrainian Authors' Rights Agency" as a reliable, professional and trustworthy organization for cooperation at the professional, institutional and international levels.

With respect and gratitude for the joint work in the common effort of protecting the rights of Ukrainian artists,

The Head of the National Union of Artists of Ukraine,
